

Don't scrap that worn-out equipment!

BrakeTechnique® , Inc. can remanufacture your clutches & brakes to their original specifications, using OEM components!

Let BrakeTechnique®, Inc. help preserve the investment you've already made by rebuilding your clutches & brakes. All work is done to OEM specifications, using genuine OEM parts.

Our knowledgeable technicians will completely disassemble your clutches or brakes, fully inspect them for wear, damage, and fatigue, and then expertly rebuild and repaint them to *like-new* condition. We take great pride in the quality of our repairs and rebuilds! In fact, all of our workmanship is *fully warranted*.

In addition to our expert clutch and brake rebuilding capabilities, BrakeTechnique®, Inc. also offers:

- Clutch and brake relining
- Complete custom clutch and brake systems
- Application engineering services
- Friction material fabrication
- A large inventory of spare parts
- Remanufactured units in stock, ready for shipping
- We even offer a *brake exchange* program!

You owe it to yourself and your bottom line to give BrakeTechnique®, Inc. a call. Let us show you how our expert remanufacturing capabilities can keep your existing clutches and brakes in service longer.

“It’s not scrap until *we* say so...”
